## 2021 Standard Incident Report Verification

It is important that OFMEM has ALL of the 2021 SIR reports for your department. Please review the following sections.  
(Note: this report only shows data received prior to the date of this report, 15-Mar-2022 )

1. **Last report received:** shows the date of the last report on file for 2021. Please file late reports as soon as possible.
2. The **Emergency Call Summary** shows the total reports received by OFMEM as of the date of this report.
3. **Total Emergency Response into other Municipalities** shows total calls by the department into neighbouring municipalities.
4. The **Monthly Summary** section shows the total fire and non-fire reports received by month.
5. The **Exposure Fires** section shows fires where the department reported exposure fires and notes where reports are missing.
6. The **Injuries Reported/ Received** section shows the total injuries reported and the number of full Injury reports filed.
7. The **NO LOSS OUTDOOR fire** section lists incidents that do not meet the criteria for this response type and must be revised.
8. The **Missing/Invalid PROPERTY** section lists fire calls with invalid and missing property codes that must be revised.
9. The **Missing/Invalid LOCATION** section lists calls with invalid and missing location/ municipal codes that must be revised.
10. **NEW!** The **Duplicate Records** section lists calls that are duplicated (same dates, times, address, response type).

For a full LISTING OF ALL FIRE CALLS: e-mail your request to ofmstatistics@ontario.ca with your FDID in the subject line.

PLEASE VERIFY AND CONFIRM WITH THE OFMEM:

- If the information shown in these reports is correct, please email ofmstatistics@ontario.ca and confirm that no revisions are required. Include your FDID in the subject line.
- If revisions are required please file these changes as soon as possible by resubmitting the SIR report(s).

### 4834 00 East Ferris Fire Department

Last report received for 2021 :		<b>29-Dec-2021</b>		Please ensure OFMEM has all of your SIR reports for emergency incidents attended in 2021.

<b>October</b>	Non fire call		12		
<b>November</b>	Non fire call		9		
<b>December</b>	Fire response - outdoor no loss (code 3)	NoLoss	1		
	Non fire call		21		

Note: The SIR requires that exposure fires are reported as additional fire records. If your system combines all exposure fires as 1 emergency response, your number of fires will differ from the OFMEM total fires. For more information or more detailed reports e-mail your request to OFMstatistics@ontario.ca.

## 2021 Standard Incident Report Verification

### Exposure Fires: (If there are no incidents listed, there are no reports of exposure fires.)

Listed below are the fire reports where there is a total reported in the "Total Exposures" field, or "Exposure number" field, or where the "Extent of Fire" field was code "11 - Spread beyond building of origin, resulted in exposure fire(s)".

Heat and/or Smoke damage do not qualify as exposure fire - there must be fire spread between the properties.  
Response Type code "3-NO LOSS OUTDOOR FIRE" does not qualify as exposure fire - all exposure related calls must have Response Type "1-Fire" or "2-Explosion".

Please review this listing and ensure that there is a fire report for each of the exposure fires. There should be one exposure fire report (in addition to the initial fire report) for every property that was ignited as a result of the initial fire.

All related exposure fires are listed together with the originating fire report. If you see "Missing exposure fire..." or "Invalid exposure fire.." notes printed below, please:

- a) submit the additional required reports, OR
- b) revise the "Extent of Fire" or "Total Exposures" or "Exposure Number" fields, OR
- c) revise the "Response Type" to "1-Fire" and resubmit the SIR with Section B completed.

4834 00	Response type	Extent of Fire	Total #	Exposure	
Incident Date and call time	Property type	(i.e. spread)	Exposures	Number	Address
FD incident #					

### Injuries Reported/ Received: (If there are no incidents listed, there are no reports of applicable injuries.)

Calls where an injury total was reported on the SIR, or an injury report was received, are listed below.

If the TOTAL INJURY REPORTS RECEIVED does not match the TOTAL INJURIES REPORTED (on SIR), then the entire section will have a grey background, and we are asking you to review those reports. Please provide a revised SIR injury count or resubmit the incident with the missing injury report. At the end of the year OFMEM will revise the number of injuries on the SIR to match the number of Injury reports received. Fatalities not included in this report, contact OFMEM for fire deaths.

NOTE: Excluded from this list are Non-fire Civilian Injuries (civilian injuries are accepted for response codes 1 & 2 only), as well as response code "3-No loss outdoor fire" records (injuries not allowed for response code "3").

4834 00					
Response Category: <b>Fire response</b>	Total Injury records received:	0	Total Injuries reported on the SIR:	CIV: 0	FF: 0
Response Category: <b>Non fire call</b>	Total Injury records received:	0	Total Injuries reported on the SIR:	FF: 0	

## 2021 Standard Incident Report Verification

### Response Type Code "3-NO LOSS OUTDOOR fire" Report Errors:

Definition: **No loss:** i.e. no fatality, and no injury, and \$0 loss **AND Outdoor:** i.e. open land, trash container outside, etc.

**Exclusions:** fires occurring in structures, vehicles, recycling/dump sites, exposure fires, or outdoor fires where arson, vandalism or children playing was suspected.

The incidents listed below **do not meet the criteria** for Response code 3, they each have one of - a \$ loss or injury or structure or vehicle property type reported. These incidents should be resubmitted as response type code "1 - Fire" with sections B/ C completed where applicable (see definition above).

Please revise these incidents ( if there are no incidents listed, there are no reports of this type with errors) and send updated reports to OFMStatistics@ontario.ca or update the report on the OFMEM data entry website.

FD Incident #	Incident date	Response type	Reported losses			Address
		Property type	Est. \$	CIV Injuries	FF Injuries	
OFM FDID:						

### Missing / Invalid PROPERTY Code for Fires / Explosions:

Listed below are the fire reports (response codes 1 or 2) with missing or invalid property codes.

If there are no incidents listed below, there are no invalid/missing property codes.

Please identify the correct property for each fire and resubmit these calls to the OFM.

OFM FDID:

FD Incident #	Incident location	Incident date hr min	Response type	Injuries		Estimated \$ loss	Address
			Property type	CIV	FF		
OFM FDID:							

### Missing / Invalid LOCATION Codes:

Listed below are the incidents with missing or invalid incident location or municipality codes.

If there are no incidents listed below, there are no invalid/missing location/municipality codes.

Please identify the correct location code for incident and resubmit these calls to the OFM.

OFM FDID:

FD Incident #	Incident date hr min	Incident Location Code	Response type	Address
OFM FDID:				

### 2021 Standard Incident Report Verification

**NEW! DUPLICATE Records:**

Listed below are multiple incident records with the same Incident date, Initial Call Times, Response Type, and Address.  
Please review these records and advise the OFM which ones should be deleted!  
If there are no incidents listed below, there are no duplicate records found.

**NOTE:** where multiple stations (belonging to the same Fire Department) are attending the same call, only ONE incident record should be submitted. FD station assists are not accepted for SIR reporting.

OFM FDID:

FD Incident #	Station#	Incident date/ Call hr min sec	Response type	Address
