**Subject:** Fwd: Crafty Dan's Artisan food truck

Hi Monica,

Could you also add this to the correspondence for the Council agenda please? He wants us to entertain a trial of a food truck on soccer nights and we want Council feedback on it.

Thanks!

Greg

Dear Greg Kirton,

After speaking with you, about a possible option to offer my food services at the 25 taillefer rd Corbeil feild location. I'm happy to provide you with some details regarding my services. I have a self sufficient ( including hydro and water) 25 foot catering food truck .Requiring a 30 - 35 foot space for access , parking 1 hr prior to events or feild games. Then removing my truck afterwards.

My food services include, 30 plus yrs experience in the culinary industry, catering to all dietary needs, including Vegans and Vegetarian diets.

I am providing a healthier option of foods, in comparison to most food trucks mainly chip stand fried foods.

For example: various styles of salads, Artisan Sandwiches (BBQ or flat top style 😊 maybe lol )

Refreshing crafted cold beverages, espresso and Cappuccino.

Healthy snacks ,colds treats and much more.

Parents of the children rushing to go to a soccer game may be glad to have dinner before or afterwards, or just an ice cold drink or smoothie to help enjoy the game on a hot day.

If you wish to have such a service at this field . I can certainly accommodate the option. And look forward to speaking with you.

Thank you  
Dan Bedard
