Comments:

No. Posted speed limit is 60, not 50. We do not have a problem with anyone travelling at unsafe speed on Eglington N.

Yes. Speed limit sign at Eglington N is 60km.

Yes. The present speed limit is 60 not 50.

Yes. Thank you - long overdue.

Yes. Speed sign at south end of Eglington is 60 at the present time. I find this is excessive when people walk Eglington Rd on a regular basis, at times causing near misses. For as winding as the road is, 40km/hr would be satisfactory. Road is narrow with very little shoulders.
