Re: The Memorial Park

Hi Greg

After 20 years the vision of a Cenotaph and Memorial Park for East Ferris has been realized and our work is done!

Effective September 15th, 2023, we have dissolved the Memorial Park Committee and our associated volunteer group will be retiring at the end of the season after closing up the park for winter.

Frank Corbeil, one of the founding members of this project and one of our longest standing committee members, has volunteered to continue administering the Cenotaph engraved paver program.

Those of us currently on the committee speak for the many volunteers involved with this project over the years when we say, *'we are very proud of our Memorial Park and ever impressed by what can be accomplished by community volunteers with a shared vision'*.

Should you have questions as the municipality moves into administering and maintaining the park please reach out, we are available to assist in any way we can.

Sincerely

The East Ferris Memorial Park Committee  
and Volunteer Group
