Subject: Information Item for Upcoming Council Meeting

Hi Kari,

I'm just wondering what the process is to have an information item added to an upcoming Council agenda? My company has been successfully helping towns, cities and municipalities lower their expenses in Ontario for many years, and I believe our service would provide the Municipality of East Ferris significant cost-savings across several expense categories. Our services are provided on contingency, which means we are only paid out of the savings we can deliver our Municipal clients.

If I can submit the enclosed presentation for its discussion at an upcoming council meeting that would be great or if you can point me in the right direction, that would be great also.

I would be happy to have a phone call or meeting afterwards if Council or Administration deems this as something they may want to pursue.

Many thanks for your assistance,

Neil Brady | Strategic-Partner
