## OPP 2020 Annual Billing Statement

### East Ferris M

Estimated costs for the period January 1 to December 31, 2020

#### Notes to Annual Billing Statement

- 1) **Municipal Base Services and Calls for Service Costs** - The costs allocated to municipalities are determined based on the costs assigned to detachment staff performing municipal policing activities across the province. A statistical analysis of activity in detachments is used to determine the municipal policing workload allocation of all detachment-based staff as well as the allocation of the municipal workload between base services and calls for service activity. For 2020 billing purposes the allocation of the municipal workload in detachments has been calculated to be 54.5 % Base Services and 45.5 % Calls for Service. The total 2020 Base Services and Calls for Service cost calculation is detailed on the *Base Services and Calls for Service Cost Summary* included in the municipal billing package.
- 2) **Base Services** - The cost to each municipality is determined by the number of properties in the municipality and the standard province-wide average cost per property of \$183.23 estimated for 2020. The number of municipal properties is determined based on MPAC data. The calculation of the standard province-wide base cost per property is detailed on *Base Services and Calls for Service Cost Summary* included in the municipal billing package.
- 3) **Calls for Service** - The municipality's Calls for Service cost is a proportionate share of the total cost of municipal calls for service costs calculated for the province. A municipality's proportionate share of the costs is based on weighted time standards applied to the historical calls for service. The municipality's total weighted time is calculated as a percentage of the total of all municipalities.
- 4) **Overtime** - Municipalities are billed for overtime resulting from occurrences in their geographic area and a portion of overtime that is not linked specifically to a municipality, such as training. Municipalities are not charged for overtime identified as a provincial responsibility. The overtime activity for the calendar years 2015, 2016, 2017 and 2018 has been analyzed and averaged to estimate the 2020 costs. The costs incorporate the 2020 salary rates and a discount to reflect overtime paid as time in lieu. The overtime costs incurred in servicing detachments for shift shortages have been allocated on a per property basis based on straight time. Please be advised that these costs will be reconciled to actual 2020 hours and salary rates and included in the 2022 Annual Billing Statement.
- 5) **Court Security and Prisoner Transportation (CSPT)** - Municipalities with court security responsibilities in local courthouses are billed court security costs based on the cost of the staff required to provide designated court security activities. 2020 costs have been based on 2018 security activity. Prisoner transportation costs are charged to all municipalities based on the standard province-wide per property cost. These costs will be reconciled to the actual cost of service required in 2020.  
  
There was no information available about the status of 2020 Court Security Prisoner Transportation Grant Program at the time of the Annual Billing Statement preparation.
- 6) **Year-end Adjustment** - The 2018 adjustment accounts for the difference between the amount billed based on the estimated cost in the *Annual Billing Statement* and the reconciled cost in the *Year-end Summary*. The most significant year-end adjustments are resulting from the cost of actual versus estimated municipal requirements for overtime, contract enhancements and court security.

**OPP 2020 Estimated Base Services and Calls for Service Cost Summary**  
**For the period January 1 to December 31, 2020**

**Notes:**

- 1) Total Base Services and Call for Service Costs are based on the cost of salary, benefit, support and other direct operating expenses for staff providing policing services to municipalities. Staff is measured in full-time equivalent (FTE) units and the costs per FTE are described in the notes below.

Full-time equivalents (FTEs) are based on average municipal detachment staffing levels for the years 2015 through 2018. Contract enhancements, court security, prisoner transportation and cleaning staff are excluded.

The equivalent of 89.21 FTEs with a cost of \$14,864,601 has been excluded from municipal costs to reflect the average municipal detachment FTEs required for provincially-mandated responsibilities eligible for Provincial Service Usage credit.

Salary rates are based on weighted average rates for municipal detachment staff by rank, level and classification. The 2020 salaries incorporate the January 1, 2020 general salary rate increases set in the 2019 to 2022 OPPA Uniform and Civilian Collective Agreements, (2.15% for uniform staff and 1.25% for civilian staff). The benefit rates are based on the most recent rates set by the Treasury Board Secretariat, (2019-20). Statutory Holiday Payouts, Shift Premiums, and Benefit costs are subject to reconciliation.

FTEs have been apportioned between Base Services and Calls for Service costs based on the current ratio, 54.5% Base Services : 45.5% Calls for Service.

- 2) Support Staff Costs and Other Direct Operating Expenses for uniform FTEs are calculated on a per FTE basis as per rates set in the 2019 Municipal Policing Cost-Recovery Formula.
