Subject: Ontario's Broadband and Cellular Action Plan

The Provincial Government has released "[Up to Speed](#): Ontario's Broadband and Cellular Action Plan." The Strategy includes a commitment to launch a \$150 million provincial broadband and cellular infrastructure program beginning in 2020-2021.

As you will recall, improvements to Broadband and cellular service is one of the issues that FONOM continues to advocate for and has asked both Senior levels of government to declare Broadband and cellular service an essential service.

David King

Executive Director

FONOM
