### Building a One-Stop Shop for Citizen Services

Municipalities across Canada are adopting a 'one-stop shop' approach for citizens by consolidating their city services. This approach provides for a smarter and more connected experience for citizens. This means they can access programs, receive bills and service delivery.

Join AMO with our partner eSolutionsGroup and learn how you can start building a smarter municipality. Plus, you'll get a demo of eSolutionsGroup's Citizen Portal, which integrates to your systems, so that your citizens can access city services in one convenient location.
