Subject: Request to talk at next Council meeting

Hi Monica,

I would like to make a brief presentation to Council at the next meeting regarding the road allowance on Nosbonsing Park Rd. Having watched the meeting, none of my concerns were discussed. My concerns are :

- a) The potential for people to camp on this land right next to my property, and unfortunately, some people we know are already discussing this use. We are also concerned as the lots across the road will be going for sale, and this might become an issue.
- b) We could grant water rights to the township, in the form of a right of way. BTW, I believe the place they have used to take water was already sold to the Weavers, the pathway is not mostly on this property. We however could create a pathway for the fire department and municipality
- c) the municipality would be able to generate more tax revenue if we owned this land.
- d) we would maintain and clear a trail for the municipality and fire department (again, the existing trail is actually mostly on the property that was sold to the Weavers)

Again, the last time land was put up for sale beside us, we were not told of it, contrary to the by laws of the municipality. We really would have liked at least an opportunity to purchase the land that was sold to the Weavers.

--

Cheers,

Joyce
